# Location

---

EXPLORING ONE OF THE MOST BEAUTIFUL NEIGHBORHOODS IN THE CITY.

Take a break from work and walk to Amsterdam Avenue or grab coffee at Parque Mexico, both just around the corner.

La Condesa is an area of Mexico City that, together with Colonia Roma, it is designated as a "Barrio Mágico Turístico" ("Magic Neighborhood for Tourists").

Together they are often referred to as Condesa–Roma, one of the most architecturally significant and bastion of the creative communities of the city.

The area is considered to be fashionable and popular with younger businesspeople, students and pet lovers. It features a large number of international restaurants, bars and nightclubs.

"Condesa" means "countess" and it is named after María Magdalena Dávalos de Bracamontes y Orozco, the Countess of Miravalle, whose lands stretched from what is now Colonia Roma to Tacubaya.

## Taxi & Airport Shuttle Services

The fastest and most reliable way to get around is by Uber. If you are not an Uber user you can always take a "taxi de sitio" (taxi station), there's a station on calle Michoacan, just in the corner of Av. Mexico, in the middle of Parque México, a few meters of the naked lady fountain.

If you like to program your Airport shuttle, the best options are:

- NUEVA IMAGEN - Phone: (55) 8421-3701
- PORTO TAXI - Phone: (55) 5786-8993
- SITIO 300 - Phone: (55) 5571-9344

## Walking around

La Condesa is a really safe area to walk, but as in any major city you have to be careful for pickpockets.

In general you can walk to the best sites of Roma and Condesa care free, you can go around Av. Amsterdam and find beautiful restaurants and cafes and see beautiful buildings, or walk Av. Alvaro obregon and go deep into the Roma streets (like Calle Cordoba or Calle Orizaba) to see the old casonas of Roma.

## Share bicycle system

Ecobici is the public bicycle system of Mexico City that has integrated the bicycle as an essential part of mobility. It is a mean of transportation for the inhabitants of the city and its surroundings, and tourists.

It allows registered users to take a bicycle from any cycle station and return it to the nearest one to their destination in unlimited 45-minute rides. Those who want to access the Ecobici System can pay a subscription for one year, one week, three days or one day..
